

Muhammad Faizan

Software Engineer

smartfaizan63@gmail.com · Karachi, Pakistan

PROFESSIONAL SUMMARY

Full-Stack MERN Developer with 3+ years of experience in hardware diagnostics and hands-on expertise in building modern web applications. Skilled in React.js, Next.js, Node.js, Express.js, MongoDB, TypeScript, and Tailwind CSS. Strong background in systematic troubleshooting, API integration, and developing responsive, scalable applications. Combines hardware-level debugging precision with clean, efficient software engineering to deliver reliable and user-focused solutions.

EXPERIENCE

Saylani Tech

Jun 2026 — Present

Full Stack Engineer

Working as a Full Stack Engineer, I design and develop scalable web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js). I build responsive, user-friendly interfaces, develop secure RESTful APIs, manage databases, and collaborate with cross-functional teams to deliver high-quality software solutions. I also focus on performance optimization, clean code practices, version control with Git/GitHub, and seamless deployment.

* Key Projects**

* Real Estate Platform (Full Stack)**

Designed and developed a production-ready real estate platform using React.js, Node.js, Express.js, and MongoDB. The platform includes secure authentication, property listing and management, advanced search and filtering, RESTful API integration, and a responsive user experience optimized for performance and scalability.

* AI-Powered Salon Management Platform (Team Lead)**

Currently leading the development of an AI-powered platform for barbershops and beauty salons. Responsible for project planning, system architecture, team coordination, and full-stack development. The platform includes appointment booking, customer and staff management, business analytics, and AI-powered features to enhance user experience and streamline salon operations.

EDUCATION

Raheel School

Feb 2014 — Feb 2016

Marticulation • Biology

Private College

Feb 2017 — Feb 2019

Intermediate • Commerce

Sylani Mass IT Training

Apr 2025 — Jun 2026

Mern Stck • Software Engineering

CAPABILITIES

JavaScript	React
SQL	TypeScript
Postgres	Docker
Node Js	web development
Next JS	MONGO DB
inforge	no sql

EXPERIENCE

Computer Store

May 2023 — May 2026

Computer Technician & Sales Rep

Managed computer hardware and software maintenance, troubleshooting, and system support while assisting with sales operations and customer service.
